Allocation System

Brief Description of the Allocation Process of United Way of Central Alabama

Funds are allocated to United Way partners and non-United Way agencies using a combination of methods: citizen review, contracts, designations, Combined Federal Campaign and the Alabama State Employee Combined Charitable Campaign (State Campaign). This description outlines the citizen review process.

United Way of Central Alabama's allocation system is an entirely volunteer driven process. It is the responsibility of the Agency Impact Committee, coordinated by the Agency Impact Department and staffed with members of all departments within the United Way. Funding is provided for eighty partners including five (5) affiliate organizations. Affiliate organizations, at their request, receive designations only. American Cancer Society, American Heart Association, American Red Cross and YMCA - Metropolitan each have a contract with United Way that outlines a formula to determine their annual allocation amount. All other partners submit an allocation request each year that is carefully reviewed by volunteers who make a funding recommendation to the Agency Impact Committee.

Each Visiting Allocation Team (VAT) is comprised of 25-27 members of the community and one chairperson who sits on the Agency Impact Committee. The chairperson conducts a training session with team members to ensure members have the necessary information to participate in the process. Teams are given notebooks containing allocation requests (budget information, program details, and administration information) from two or three agencies and are asked to review the request carefully. Team members discuss each request, prepare questions for clarification, visit assigned agencies, evaluate each request and help develop a report, which the chairperson presents to the committee during an all day hearing. It is anticipated that the 2004 process will involve approximately 600 team members and 25 chairpersons.

The Planning and Development Phase

The planning phase for the process begins in the first quarter of the year with the development of a master schedule and review of all materials including allocation request forms. In the second quarter recruitment of volunteers from all sectors of the community begins. Development of any supportive agency workshops, the production of materials and consideration of new admissions and requests for new program funding (a separate process) occur at this time.

Preliminary Phase

After all materials are prepared, agencies are given an opportunity to pick up all the necessary forms and instructions. The Agency Impact staff is available for technical support throughout the process. The allocation request with 35 copies, CFC materials, current board list and agency fund raising notification forms are due the end of August. Initial team orientation meetings are held the end of September with team meetings and visits planned throughout the month of October and early November. The team chairperson and members review their specific schedules and every effort is made to set dates that are accommodating to all persons involved in the process. Agency Impact staff prepares materials including a copy of requests, a profile of each agency, team roster, and evaluation criteria for each team member. Additional materials such as the agency's current audit, board list, self-study form, staff summary of agency activities for the year, and update on prior year recommendations are made available on request. New chairs or chairs unfamiliar with agencies may wish to have a preliminary meeting with staff and board representatives.

Description of Allocation Request

The allocation request form is composed of three parts: administrative information, overall three-year financial summary, and service/program profile with budgets. Examples of requested information are: service data, agency history, demographics, need statement, activities, units of service and results covering three years for each program. Budget materials prepared by each agency present a three-year financial summary of an actual year (reporting audited information), budgeted year (current operating budget), and proposed budget for allocation request year.

Staff Assignments

Agencies are divided into four fields of service -- Basic Needs, Children, Youth and Families, Counseling and Mental Health, and Health and Rehabilitation -- and outlying counties. A staff member is assigned to each team in Jefferson County and two to three staff persons facilitate the other four (4) counties.

Preparation for Visit to the Agencies

In preparation for agency visits, teams meet to discuss the materials and the allocation request. Any information that is unclear or confusing to the team members is framed into questions and then forwarded to the agency along with several standardized questions submitted to each agency. These questions should be answered in writing prior to the agency visit and if further clarification is needed it can be addressed at the time of the visit. United Way staff assigned to the team can address many of the questions beforehand, clarify basic information, provide community context, and develop additional information at the team's request. Staff arranges the visits and works with the agencies to enlist their help facilitating the process.

The visit is a formal meeting of representatives of the agency -- board members, staff and clients and, representing United Way, the team and staff. Meetings are generally planned for two hours to include a tour, introductions, an overview of the agency, and presentation of the request. Some agencies opt to have a client testimonial. Questions and answers are an important part of the visit. Team members should come away from the meeting understanding how the agency works and how United Way dollars are used in this work. Of equal importance to the team is a clear understanding of program results -- what has been achieved to make a difference in the life of an individual, a family or the community. When the meeting is adjourned the team remains to discuss impressions and findings in view of the written material and visit. Team members provide guidance and feed back helpful to the chair in generating the report for the Agency Impact Committee. The United Way staff person records process notes of the visit including the names of all attendees.

Allocations Hearings

In November, reports are finalized at the direction of the team chairperson. The Agency Impact Committee meets mid-November in an all day session to hear reports of each chairperson. A document titled the *Team Report* describes the team's impressions and findings with regard to the agency allocation request, the presentation, and community needs. Reports and overall budget forms are put together in a notebook for each member of the committee.

Parliamentary procedure and Robert's Rules of Order are used as general guidelines for conducting meetings. Committee members sign a conflict of interest policy and disclose any board relationship they may have and are asked to refrain from voting on any issue concerning that agency. Motions are made to approve the funding recommendation of the chair or counter motions may be made.

Reports are made by field of service and by county. Each chair chooses a short or long report format based upon the exceptional nature of the request or the findings of the team. After each

report, there is discussion, questions and deliberation. Community needs, available funding and anticipated campaign results are considered. New program requests and new admissions are also presented at this time. The Allocation Committee may revisit agency requests several times before arriving at a funding recommendation. Action recommendations are also made in the event there are significant findings of concern to the committee. For example, recommendations may be, "study the focus of the drug prevention program and determine how to make the greatest impact with the dollars available," or "increase efforts with African-American community to recruit parents for the foster care program," or "submit a copy of plan to resolve accounting problems identified in audit by June 1" or "establish a policy on term limits and a rotation system for the Board of Directors." If it seems warranted, the committee may recommend the Agency Review Committee review a particular agency during the next year.

Several factors impact the final decisions for the allocation of funds. These may be the lack of information about the amount of designations to non-member agencies and CFC, allowances for pledge loss and the final result of the campaign.

Report to the Executive Committee and the Board

In December, the Agency Impact Chairperson presents all recommendations to the Executive Committee and the Board of Directors via a detailed report. The Agency Impact Department prepares documentation that includes an overview of the process, committee list, participation rates, demographics of volunteers, detail on meetings, orientation, training, and hearings, new programs, allocation recommendations, allocations by field of service, action recommendations, and conclusions.

Funding, as approved by the Board, is announced to agencies the end of December. A letter is sent to the chief volunteer officer giving the amount of allocation. Any action recommendations considered *Board Action Recommendations* are included with the allocation amount letter. Some recommendations are categorized as "staff to staff" and are discussed between the agency director and a United Way staff person.

Volunteer Hours

The estimated number of volunteer hours for the allocations process is:

Agency Impact Chair:	50 hours annually
Team Chairs:	750 hours cumulative annually
Team Members	6,000 hours cumulative over a two-month period of time

Revised Budgets

If the amount allocated to an agency is different than the amount requested a revised budget should be submitted by the end of the first quarter to the Agency Impact Department.

Appeals Process

In terms of agency redress, a formal appeals process is in place to address issues agencies may have concerning their funding level.

Evaluation

Team members are asked to evaluate each agency at the end of the agency visit. Focus groups are held with chairs, staff and agency executive directors to get feedback and suggestions for improvement for the next year's process.

80 partners

to another charity - designated elsewhere

15⁺ dollars in - allocated to Boy Scouts
Committee made up of 28 people that go
out & visit the agency & read their
application

details programs

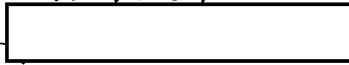

" #s served

" outcomes

" budget

all partners submit in September 2004
justifying why they want that amount

- team of 25-30 people w/ chairman
look at Board, Board does presentation
they get a good sense of what's going on
chairman will take recommendation and
~~that~~ bring back to hearing
those team chairs look at the reports - will have
read audits

agency review - if something not right
→ cause a random sampling audit - could happen
allocate every penny raised - committee
recommends to executive committee & Board
 write out a report
upon approval of Board - write

b6
b7C

if they were inflating greatly for agency review
process.

then wouldn't be funded ← would have to be rectified have opp to clean ← volunteers would meet w/ Board level - due process

level of service — this is what makes it
pamphlets counted ^{difficult} as one vs consoling for ex
next year what it costs per level of service

there's a basic level of trust
if you are the Boy Scouts who is national
agency — Board is respected
and has relation to our Board

- not doing in depth level

- we know if we don't do our job
if we lose the confidence of our contributors if
that is going on.

now: pressure is external to get anything you have
not pressure to serve more → quality of service
+ higher results based on results
- increasing the # served does not give them advantage in
program

have not done that until this year —

moving into the program audit program
learned that program audit need more both

greater #'s from the previous year — are looked
at over 3 years

Nat'l: ① Expand territory

org's

② raise money + serve more bodies

who wants to

make a name for themselves nationally — to get a
name of being successful

- especially playing w/ CEO's who all have reputations

Citizen review process
campaign \$ 32.8 million - 5 counties

Jeff Blount Shelley
Walker St Clair

fund 80 partners

health & human services 501 c

can designate "first dollars in"
committee of 28 people decide how
to distribute

application

request: programs,
numbers served,
outcomes,
budget

submit in September - request &
justify amount asked for

25-30 people w/ chairman visit agency
board does presentation

get sense of agency: management

team chairman takes recommendation &
brings to committee
guides team

hearing to decide allocation

allocate every penny raised give
recommendation to board
approval - letter goes to agency

inflated numbers - agency review process

started program audit this year

levels of service - brochure v. counseling
one time
v. daycare

count each brochure as serving a person

boards have relationships - some are
blind

D-3 started this year

not pressure to serve more
report accurately

quality of service & results

increasing number served does not
necessarily increase funding

level of service comparisons - contact
hours

change in application

moving to program audit - verify enrollment

direct service - subcontract to partner agency

federal grants - audit 4 times per year

3 years are compared - increase in numbers would effect contributions

has some effect but not final decision

agency review process - agency audit not done in past 12 years

board would meet w/ board disclose findings & give agency chance to rectify situation if not cleared up then defunded

to grow in national prestige expand territory, more \$, more people rise up in organization

application to be partner - 2 years, 990, board, etc, visit

- agency can have grants which their board funds
- all funding reported to UW - 3 years audited year - have to have external audit
 * GAP audit
 A133 audit if they have \$300-500 K
 in federal dollars

UW dept of labor grant
 ↑
 administers grant
 may be subcontracted
 all are audited

- youth opportunities

there are other grants - HHS

most partners hand deliver their applications because of the size

checks are cut monthly for 1/2 of UW grant; most checks are mailed, a few pick them up @ office

Subject: Greater Alabama Council Investigation

First allow me to introduce myself. My name is [redacted] I am [redacted] years old, I started in scouting as a cub scout and was awarded the great honor of Eagle Scout in the mid 90's. Shortly after receiving my Eagle merit, I quit participating in the local BSA program for several different reasons but mainly due to politics. My time served in the BSA was under the former Tennessee Valley Council which was merged into the Greater Alabama Council.

I have been saddened to see the direction the local BSA program has went over the last several years however in 20/20 hindsight it was a long time coming. Mismanagement and misappropriation is not excusable and does not represent what I worked for and I encourage your department to be diligent in your investigation of this problem.

I heard a statement from the United Way today on a local talk radio station that the FBI has asked for records dating back to 1999. I can assure you that not only misreporting of enrollment but bogus memberships were created as far back as the early 90's.

b6

b7D

As told in my board of review back in [redacted] once an Eagle Scout, always an Eagle Scout. As an Eagle Scout I want to see the program restored to where it once was and I believe your investigations is a start to a solution for the overall problem. If your department is interested, I am offering my assistance by sharing what I know about the issue. I by no means have hard evidence against anyone but as a more involved scout district executives spoke a little more freely around me as well as other acquaintances. I can also point you in directions that I feel sure can attest to the problems and maybe give you some more insight.

I appreciate your time in reading this and commend your efforts. Feel free to contact me at any time. I can also be available for a personal meeting in Huntsville almost any day of the week if you so desire.

Best regards,

Scouting Today's a Lot More Than You Think

"When asked of his association with Chicago's adult Scout volunteers, Barber replied, 'I believe our success in Chicago is due primarily to the dedicated service of our executive board and of our other fine volunteers. Without their efforts, the council could not have achieved success, and the city's youth would have missed great opportunities. I certainly look forward to working with the volunteers on a national scale in continuing to make Scouting the foremost vehicle for the wholesome development of boys in the Nation.'"

..."Hail the Chiefs," Scouting Magazine, October 1967

"Membership goals naturally come first. The total number of Cubs, Scouts, and Explorers governs everything else, including the number of units needed, manpower (volunteer and professional) needed to establish and serve those units, expansion of council service and camping facilities and the financial resources needed to ensure success for the entire expansion. To fulfill the purpose and meet the growth objective of BOYPOWER '76, our movement must serve 6.5 million boys by the end of 1976 (a gain of 51.5 percent over 1966) and almost double the rate of gain in the last decade."

...from "In Pursuit of Scouting Excellence," by Alden G. Barber, Scouting Magazine, October 1968

"Some professionals refer to management by goals as the 'numbers game' and a possible cause of 'paper troops.' Others believe that both jobs and chances for promotion are threatened if they do not attain their year-end goals. Many volunteer leaders feel that this procedure is tending to take the 'heart' out of Scouting. Preoccupation with quantity tends to obscure the fact that numbers represent flesh and blood boys. Rather than 'uniting the team,' this factor has had a discouraging effect on men working in the field."

"No one underestimates the value of setting goals; however, at this point in time, something appears to be askew."

...from A REPORT TO PEPSICO ON REGION TWO OF THE BSA, conducted by the Institute of Public Affairs, Inc., April 20, 1971 ("Independent research on the scouts' efforts to change is hard to come by. But in 1971 a study was done of the New York-New Jersey scout region. It was conducted by the Institute of Public Affairs, a private research organization, for PepsiCo, Inc., which has a vice president who is active in scouting. The results of the 50-page report based on 150 interviews were highly critical, and it was never released to the public." from "Boy Power," by Barry Newman, The Wall Street Journal, Tuesday, February 19, 1974).

"At the conferences (Regional Training Conferences), I said, 'It's no sin to be off target.. But it is a sin to be off target and have no plan to move back on target.' We must remember that if a man is off target for several months straight, and all efforts to help him to develop a plan have failed, then it is a sin."

...Alden G. Barber, from Intraorganization Communication,
September 21, 1973

Mr. Alden G. Barber became the fifth Chief Scout Executive on October 1, 1967. Mr. Barber's boy membership record is as follows:

1967	4,461,111
1968	4,608,019
1969	4,591,984
1970	4,682,658
1971	4,805,519
1972	4,891,926
1973	4,843,111
1974	4,338,480

Mr. Barber is "NOT ON TARGET!"

"Barber believes that many of the problems of cheating could be curbed by better training of professionals and their supervisors. 'I assumed the middle management people knew the techniques necessary to achieve the goals, he said.'"

...David Young, Chicago Tribune, June 10, 1974

Mr. Barber's preoccupation with goals that are mathematically manageable parallels our Pentagon's and State Department's penchant for charting the progress of the Vietnam War on enemy body counts, the volume of artillery shot, the weight of bombs dropped, percentages of secured areas and other such nonsensical data. Intangibles like conviction, commitment and determination have been ignored. The Boypower '76 emphasis has been on statistics. There has been a limited amount of purposeful inner direction in establishing goals, therefore a lack of personal commitment to their attainment.

Mr. Barber's management philosophy has subverted substance to statistics. The resulting system is one where management techniques are used to control the lives of men rather than men being inwardly motivated and using management techniques to effectively realize personal goals. Scouting can be an open, self-renewing, self-critical, responsive, aggressive, timeless organization. There must be change though and it must occur in each of us. Scouting has been talking the Bicentennial for 6 or 7 years now. The 200th celebration of the revolution in this country will only have meaning to the extent that the revolution is in our souls. Only then will the slogan Boypower '76 stand for something.

To whom it may concern:

I chanced to see the recent NBC/Martin Savidge BSA-Fleecing of America segment in which the FBI's interest was noted. It occurred to me that both NBC and the FBI might be oblivious as to how long that "fleecing" had been going on.

I brought the matter of MEMBERSHIP FRAUD to the attention of the National Council, BSA in a grand way during the mid-1970s to no avail. See enclosures.

I am being succinct in this mailing but I do have a more lengthy detailed and documented report I would provide to the proper investigating individual if you desire a better perspective on what ails the BSA today.

Guidelines for Finding Falsified Membership in BSA Scouting Units

To spot falsified membership it helps to understand why it is done. Normally, no District Executive wants to risk it since it is supposed to result in immediate termination of employment with no chance of rehiring in any other Scout Council. However, it does happen when the one doing it feels the need outweighs the risk. Here is how it works: All professional employees are graded on their production, and membership is one of the greatest factors. By and large, in order to get a promotion, one must show at least 3 years of consecutive growth in one's respective area. Scout Executives, the big bosses, must show it for the overall council. The Director of Field Service or Assistant Scout Executive must as well, so they require all the Field Directors to show gains. They in turn require it of the field executives; the District Executives, Senior District Executives, and District Directors. The two areas of concern are unit count and youth membership. It is expected by the National organization that at least 2% gains be achieved each year in each category. The lack of gain can spell the end of opportunity for career advancement, or certainly put it on hold. While it is possible to climb with a bad year or two, the overall view is that it cannot be done.

Scout Councils are rated by their overall size. 200 and 300 councils are the largest, 800 being the smallest. The Greater Alabama Council is the 6th largest in the country (a 300 council), but could fall in rating if the membership does not stay high enough to warrant that classification. Also, the larger the council, the larger the paychecks for the upper level management. Scout Executive pay can range from around \$75k to \$250k depending on evaluations, tenure, and council size. Thus, one can see the importance of keeping the membership numbers high. The numbers of units and membership are counted monthly, but they become critical on June 30 and December 31 of each year, December being the most important.

As time has progressed, several factors have had negative influences on the BSA and its membership. Schools have become increasingly harder to get into. Sports have taken many boys out of the program. The breakup of the family has made it increasingly harder to get volunteer leaders to run the program. The low pay of entry level employees has caused the quality of new hire employees to become of a lower quality. The job is very demanding especially of new hires, and does take some talent to do well. All these factors work against the upper level management in reaching their membership goals.

So, how does the falsification stuff work itself in? An easy out is sought by the staff. Housing units and schools are targets because of 1) large numbers of youth 2) funds from them to pay for the program/registration. On a smaller scale, small numbers can add up to large numbers from things like boys showing up to sign up nights and declining to join. If you pick up 6 boys from each of 25 schools that do not sign up, you still pick up 150 boys that you would not otherwise have. (You get them from sign in sheets used at the join night at the school) If your area of service is short by 100 youth on say the first of December, this can be what makes up the difference and even makes you a hero. Remember, there is no provision for "down years" in membership, even though no corporation can expect to show growth continually. There is a window of good, even

easy, recruiting most years. It is in the first 5 weeks after school starts in the fall. That means you really have 10 nights to get in the lion's share of youth for the year. After or before that, you will have to work very hard to get what you do get. And no one enjoys 70 hour work weeks.

So, with that in mind, below is a list of what I have seen over the years used by others to 'get the job done'. Hopefully, it will help you find proof that falsification of membership has been both expected and condoned. Look for:

1. The use of Assistance Funds (Fund 100 money) for registration. Not all units that use it are bogus, but it has been an easy way to get money to pay for nonexistent units. ***Here you will find the vast majority of falsified membership*** since it has been so very easy to access the money. Up until around May of 2004, there was no attempt to ascertain the validity of signatures on the forms- anyone could sign them in and put them on the books.
2. In School units. Here, many youth are signed up from the attendance roll, and no application is filled out by the parent. Remember, according to BSA rules, they have to APPLY TO JOIN; they cannot be made a member simply because they are attending a certain class or school.
3. Housing Authority units. Also, some HA's get money for programs for their youth- thus they save the local council money by paying for the program themselves. The youth here have been habitually signed up from rosters provided by the HA management. ***It is here you will most likely find the greatest amount of fraud against other agencies since they were asked to pay for kids that did not exist.***
4. Units with no advancement, especially for more than 1 year.
5. Troops with no camping.
6. Units that show moderate or large jumps in membership in June or December (December units would have to only pay for 2 months of registration- a lot of body count for year end for a small amount of money; also, December is VERY difficult to recruit in). This is usually a dead giveaway.
7. Charter Partners with multiple packs, troops, or crews. Although it is possible, it is not likely.
8. Charter partners with Posts and Crews of about the same size. This is done to double the number youth on the books from a particular source.
9. OA (Order of the Arrow) Crews. These have been done under the guise of allowing the boys to raise money- something any person in America is allowed to do any way. Many times the youth are signed up from a list and never know that they are a part of the unit.

10. Units with very large membership. Packs over 80, troops over 50, Crews over 25. While Crews could have, and are encouraged to have, large membership, they many times are very small groups (under 15) that are a close circle of friends. There are very strong packs with more than 120 boys, troops with more than 100, and large crews as well, but for the most part those large ones are made from school groups.
11. Units whose rosters show no phone numbers for youth, leaders, or especially primary leaders (Cubmasters, Scoutmasters, Crew Advisors).
12. Units whose youth share the same address.
13. Very suspect are Varsity Teams. This program was designed for LDS churches and their 14-15 year old boys who wanted a sports theme. While it is open to any boy 14 and up, it is usually only LDS churches who truly use this program. Many times it is used to double up on the body count with a troop at the same organization. Most real varsity teams are small-under 8 or 10 boys.
14. Cub packs with boys in 6th grade. It is possible (mentally retarded boys may remain in for life; 5th grade boys who do not transfer to a Troop by June 1 are automatically advanced a grade) but not likely to see them on the books.
15. Youth with the same birth date, or 'rolling birth dates'. An example is a roster of boys who are all born in April, and the dates are 1,2,3,4, etc. through the entire group. These boys are most likely signed up from a list that did not have viable birth dates with them (the use of a list to sign them up is against the rules!).
16. Adults who are multiple leaders. Although any adult can be in more than one position, they usually are not. In the past, it was easy to make copies of an adult's application and then submit it for a falsified unit. You could have one person, for example, that was the Cubmaster of 5 or 10 packs this way. The same goes for all the adult positions of all types of units. An exception to this is usually found when a hired program aid is listed as the unit of all of the units they serve- then they are rightfully leaders in several units.
17. Districts who are way down in membership at year end this past year. Why? The cleanup effort that began in spring of '04 caused many units to be dropped. It was obvious that they had no business being on the books (youth signed up from lists, all having the same address or birthdate, no parent signatures, no person able to vouch for the unit as a leader of that particular unit, no one from the unit able to sign the form requesting funding for it, etc.) Those dropped units were on the 'red list' and were considered bogus. We were given orders to reorganize them and make them real, or else use the unit number and make a new one to replace it so that if old records were called into question, a phone call would produce a live person who would vouch for it being a real unit. It is much easier to offer an excuse for large recharter losses of membership in a live unit rather than explain a unit that has not been meeting for several years and yet it is still on the books.

18. Units with no Boys Life subscriptions. Although there are quite a few real units where the membership does not subscribe, usually a few boys will indeed. Also, the assistance fund won't pay for the magazine to go to a bad address. This is not a dead giveaway, but it is certainly a good clue to look at.

Again, if you have any questions, please feel free to give me a call. I truly want to help.

There had been some controversy surrounding a California Boy Scout organization and the United Way in the Bay Area of California.

The United Way in that area and a gay rights group challenged the Boy Scouts to end its practice of banning homosexuals. There has been some confusion as to how this affects the Tuscaloosa County divisions of the Boy Scouts and the United Way.

"The Black Warrior Council of Boy Scouts of America is a member of the Boy Scouts of America, but we are a separate organization that includes 12 counties. Whatever is going on in California has no impact on the Tuscaloosa area," Currie said.

Each United Way organization is also autonomous, said Carl Albright, chairman of the 1991 United Way campaign.

Scouting Program

News Intern

Returning elementary and high school students will have the opportunity to participate in Learning for Life, a non-traditional subsidiary of the Boy Scouts of America.

The Black Warrior Council of the Boys Scouts will incorporate the program in schools this fall for handicapped kids or other youths who cannot participate in the traditional Boy Scout program.

"We have been doing this program for 20 years," said Pat Currie, head of the Black Warrior Council. "Learning for Life is a title reclassification to try to separate what is traditional scouting and nontraditional."

The program is a result of three years of research on the national level of the scouting organization and focuses on life skills for students during the school year.

"The kids in the program will be registered participants of the Boy Scouts, not members, in the school program," Currie said.

"In Tuscaloosa County, it is nothing more than an in-school function for special-needs children. It is a partnership between educators to provide these children with the opportunity to work with scouting."

Please reviewer - I will call you tomorrow. I see several key points in this issue:

1. The article in the paper states that the BSA developed "Learning For Life" as a response to pressure from United Way & others. This is not true! The BSA has had Exploring (which is co-ed) for 20 years and in-school Scouting to serve special needs (handicapped) children since 1982;
2. The BSA has been studying in-school Scouting for 3 years and Learning For Life is the outcome of this study - for our council Learning For Life is merely a re-classification of what we are already doing;
3. Learning For Life is a partnership between education system and the BSA. It is non-traditional, in-school Scouting that is available to all young people;
4. Learning For Life is not in competition with traditional Scouting, but is merely

the youth of our country ;
5. The Standards of Membership for Adult Leaders
has not changed.

We can discuss this further tomorrow.

BLACK WARRIOR COUNCIL

RE: I. COUNCIL MEMBERSHIP VALIDATION
II. COUNCIL FUNDED MEMBERSHIP

I. MEMBERSHIP VALIDATION PROCEDURE

The Black Warrior Council, Boy Scouts of America endorses and utilizes the Annual Local Council Membership Validation Procedure. We cover the procedure point by point at staff conferences, and all staff members, office manager and registrar sign the form indicating that the information was reviewed with each person.

Also, during our staff meeting today we again went over the procedure because we have several new staff members. We asked if they had any questions or concerns and all signed the form.

II. COUNCIL FUNDED MEMBERSHIP

The Black Warrior Council Executive Board strongly embraces and implements the philosophy of doing its best to insure that money should not be a reason for boys to miss out on Scouting's programs. Toward that end, the council budgets specific assistance funds in its operating budget annually to pay the registration fees, camp fees, activity fees, uniforming costs, literature costs, equipment costs, and other associated costs for boys who otherwise could not enjoy full participation in Scouting.

The council's budget committee made up of key volunteers and the Scout Executive develops and adopts a draft revised budget for the current year and a proposed budget for subsequent year. Money is budgeted for specific assistance during this process based on historical and projected needs. Budget committee presents their budget to the Executive Board for review, discussion and vote.

The Scout Executive is empowered by the Executive Board to review specific assistance requests for registration, camperships or any other needs based reason and to determine what will be funded.

FROM:

DATE: February 5, 2004

Congratulations and thank you for helping deliver a quality program in 2003 to over 30,350 adult volunteers and parents! We were able to achieve some very outstanding results during 2003 with One Voice...One Heart...One Mission. Adult volunteer leaders served as positive role models to our youth in a variety of programs throughout the twenty-two counties that we serve. Over 103,000 individuals benefited directly from the many programs offered by the Greater Alabama Council...thanks to your leadership. Now, we need your help!

According to our records, your organization received funding to help the youth of your community participate in some of the Greater Alabama Council programs. In order to help us do a better job in evaluating and budgeting our limited resources in 2004-2005, please complete and return by February 29 the request below for next year's support.

started hearing about Learning for Life → area to

continued to tell him over several months & tried

merge meeting w/ Birmingham + Anniston ^{council} ~~Chocolaka~~
realized it was a done deal - the way the professionals

Signed by individual + agreed upon by employee + executive
reviewed quarterly - graded at end of year
with numerical score and pay structure is based
on meeting these goals

(Vol) Charter Organization Representative = COR
voting member of the board

(Paid) Council Executive becomes Secretary to the Board:

Used to be Council Comm. before the consolidation

most COR's so unaware of job - don't get involved much regarding the voting for the new executive board. normally don't show up
Dec 9. → mtg

every legitimate committee should have COR
I'm guessing 20-30% legitimate
70% illegitimate to non-existent

Find a Unit for you: Put in zipcode search
Search of 22 counties: current w/in last 2 wks
Doc. shows numerous registered. go to volunteers -
find

some legit activity - possibly paid program aide
drive over & have some sort of program
but the adults named on there don't
know they are listed

- Parent / Guardian supposed to sign the
registration: Youth Application Form

- scout leader collects & all in local service center
Keeps copy multipart form:

- copy to Council office

- Nat'l might get a copy

What's happening: Getting to end of month of quarter
Do the things to make you understand your job
depends on getting those #'s.

Come up w/ a group

Part-time employees or contractors - about \$10: Program Aides

District Executives will go to ~~District~~ Program Aides
will be giving all the forms to enroll the group -
put their own names on there

create their own structure } under the charter

give a #

enroll the kids }

accountability paper system that looks in order →
but if you look at paper names will be fraudulent

Youth } collect \$10
Adult Application } applying for a charter

- ② mail letter to comm. chairman to offer assistance

Fraud:

Chartering 100's of units - taking same kids and applying somewhere else

multi op's (multiregister) pay you \$1 there

Should talk to: Every DE who has worked at this council

Left there because had situation [redacted] doing audit
Letter to [redacted] in January had not
- how situation was before & how it became [redacted] received
Talked to lawyer & said need "cover your ass" letter

In March sent out resume'

After gave letter [redacted]
grus

Things went downhill after the letter
Went to training to TX - volunteers to charter... I
let them do it - [redacted] to him

2000-2001

Came back & said didn't know
anything - I tried calling also myself.

we'll take care of it

2002
2003
2004

didn't get re-chartered, so let them drop off the
books
& pressure from top to get more kids -

[redacted] - she knew, but
didn't command. She thought it was LFL, but
[redacted] didn't know any of it going on

Some
one

Paperwork showing what
it was, was what she
signed off on

took over

had to get some more numbers

wanted anything that didn't have to be paid for to be off the books

= better to have paid traditional units - because it's being handled by adults + brings in other kids

b6
b7C

Program - [redacted]

Character education programs - to help satisfy 10 minutes of a day of school's requirement, help them provide

Why wasn't it LFF - did programs outside of it like cooking + extra stuff

actual program in school - not a great program person, might not show up at schools hard to run program for me - because she reported to [redacted], and [redacted] then I helped her try to set up dates - went up her some to do programs.

Ran into [redacted] - he said he talked to us - some of people like him are out to get [redacted] clashing for long time

This is where "the DOES" started: schoolteachers said because they were special ed didn't use their last names, shouldn't be classifying them because it's against the law. Documented on paper, ^{The School} they would write them + send them to ~~or they would~~ kids home + come back saying saying they'll be members. That they'll be members, not that they're named Doe

minimum of ten X's

[redacted] referenced letter.

normally takes month to start traditional program

[redacted]
6 months later could change - changed the procedures making it stiffer each time - can but one ~~time~~ time that they let you turn in remember or more than one with just a list of names - if you can get the list in (at the end of the yr) get it in

Any large city in U.S. is very similar to this

It's about the money - for every kid Nat'l get 10.50

The council pays for it if not legit. the more kids you get - the more money you got - grants from the gov't, United Way + public donation

No one will get promoted if the #5 people who didn't produce got fired
[redacted] - Huntsville

very stressful, most stressful of life

don't know of anybody getting anything off the side

28-29 years growth

No body cares about the quality of program - only cares about growth

Grants: Don't know [redacted] those on several different things Buildings

[redacted] I didn't have anything to do w/ what's on them, Scholarships

didn't get the numbers to put on them he created the numbers - using a formula

money did go to grant

b6
b7c

who he thought he could recruit. Special Needs
Example: 10 kids in school - [redacted] grant
saying 10 will go to camp. You
can't get 10 out of 10 right now
the way it's written - but they
are still working w/ it & have
extended the time to meet the
kids
before investigation started realized a problem

didn't understand a lack of knowledge
D- could have chosen to write it on a 1000 diff. things -
chose this one

[redacted]
[redacted]
didn't [redacted] any as [redacted]
↳ requests & solicit private donations
from Corp.

for letters used whatever given from above
used what written before & submit it

~~DE~~ If they were not registered have to pay
for registration
would think it would be worded that way
don't know

[redacted]
↳ because you use total numbers - and
those have inflated inside.

like Walmart: use local #'s 500-1000
asking 50,000

B-Ham → large amt of grants
Bessemer }

b6
b7c

crazy # : when 1st started
everybody knew how I stood, but not the
top 2 because I felt intimidated

[redacted] - before me - inherited them from Wright
before him → stood up & said he
was pressured into those #'s.

didn't give letters sooner
Did

letters to corps - #'s started changing when we
got there. Whatever people turned
in before. Board said you're not
using those because not right

Not allowed to go to the mtgs

[redacted] said we had to revise #'s

not going to send any more #'s to United Way
had to throw booklets away that had been
published for sporting clay → sitting in there,
told not to use them. Verbally, not in memo.

Handed + directed what to do - don't know
how came up w/ new
#s

yr ago: use whatever would print off from
membership #'s report: Membership report.
58000-65000 traditional kids

Secretary

Criteria

20-45% when in 2000

I made it better

print it
out
+ give out at
regular mtgs

thinks the 10,000 drop in paper - not going to rechartering
unless proper procedures. Lax & ✓
even good programs - sending the stuff back double triple
check

- now won't take a list - as of Dec/Jan. I wasn't dealing w/ membership got really tight before I left

[redacted]
yes -

[redacted] } resume's
or want transferred

b6

Sequoia area - DE

Fin. Dir. - writes proposals to United Way

went w/ [redacted] at mtgs +
delivered them

Didn't get invited to D Ham

Fall

Etonah - money would be coming now
2005

matching - no, grants are not
funds

giving money: they like it if you can show you're serving minorities - you should show it - don't know how it's done.
not involved w/ minority, heard them talking about
it - United Way gives in request used to serve 20,000
minorities. If you're able to offer to all - more you offer the better

[redacted]

helped

over

theoretical

Bham - might spend 30,000 if 50,000

he wrote those

uniforms Put in a fund w/ other money → bad accounting
won't be able to find

other 20,000 would go salary

The man who applied for it wouldn't know - he
would be told he couldn't spend anymore.

[redacted]

told me that.

Didn't follow through the whole program -

Talked about post-inv. Uniforms.

Good intentions but not able to spend those

intentions - told that's enough of that program

more on -

[redacted]

[redacted]

would

tell me to put money

[redacted]

could tell her

↗

Don't know about what put on the grant - minorities
not specifically broken out on one's ~~that~~ ^{I've involved} strong
don't know how U.W.'s was worded

the 10,000 kids lost → asked if they know they're
in scouting

Got in there because the whole council
went out + signed them up.

[redacted]

wrote U.Way

Stuff had been wiped off my computer - they said

6/3-14 time

[redacted]

helped me try to get it back

[redacted]

wouldn't be able to get what he needed

Boss left and was unable to access anything

→ Some grants I was looking for - after they're told
to pull everything

Top people were acting suspicious + suspicious
there.

Trying to be comical - not questioned about
through someone else [redacted] he chewed me
out

[redacted] had scripted him what to say: superintendent
met w/ super. to clear it up. reading to me + of school system

- Almost lost their job

[redacted], some
of it true + some
not

comes from the top + its pressure
you don't have "accountability" - get me 50 kids

LFZ - not the scouting program

per ACLU scouts cannot charter scouting units through school - does not include LFZ school buys LFZ materials

[redacted] handled troops in packet
he did not look at packet "duped"

[redacted] told him that program eventually to be turned over to private PTA, other organizations

b6

[redacted] no longer employed by

packet not LFZ

units chartered through school as packs & troops

Concerns

- Greater Alabama Council, Mulberry Roster
- provided in school scout units in Blount County
- Did not know about School Scout Units Blount County originally
 - [redacted] came to [redacted] and told him to sign charters so they could have Scouting units rechartered to School PTA's & PTOS
 - Roster signed by [redacted] and then Blount County School official [redacted]
- Several times went to schools to "sell" Scouting program but instead "sold" or delivered a separate program called "Learning for Life"
- This has been going on since Chocolata (sp?) District, Told this by [redacted]
- Last May turned in as Scouting Program but delivered Learning for Life
 - Program Aides deliver Scouting Program
 - No program Aides for these Scouting units
 - [redacted] said he had funding, but hiring fell through
- Learning for Life
 - Curriculum starts with Making good decisions
- Had a Blount County Jubilee Fun Day
 - Picked children (by teachers) mostly special needs
300-400 participants
 - Teachers told by [redacted] to send children who could benefit most.
- Scouting program goal is to have Rep meet w/ unit bi-weekly to help scouts advance in rank
- [redacted] have never signed rosters provided by [redacted]
 - Both are current Scout Masters
 - Both have received these documents several times throughout the year to include membership cards and rosters that were false

* Scouts can no longer charter Troops/units through schools, because they receive fed. \$\$. Does not include Learning for Life

- [] did not ever participate in any in school programs only received Rosters & Membership cards through the mail
- [] has been out of Scouting for several years although his name occurs on Rosters as a Committee Member several times
- On Roster shows [] have [] of [] they are []
- None of the kids on Roster are still in Scouting

[] last day w/ Scouts 5/31/2004, Units started in May 04 & was set to expire ~~then~~ if not renewed

b6
b7C

- Assumed [] started Units, tough to do because of time of year - end of summer

[] went to schools to give Learning for Life presentations throughout 05

[] given Silver Beaver award for signing Rosters. Prestigious volunteer Award

[] came to [] to sign Rosters & told him to sign them to change charter memberships, knew they were LFL units & not Scouting units / partners

[] took [] place @ Blount County

In recent conversation told [] that they would deliver LFL to schools & would give Scouting program if Program Managers have time, All would be ~~signed~~ signed up as traditional Scouts instead of LFL members

- Scouting goal is to sign as many individuals as possible in traditional Scouting program not alternative Scouting programs such as LFL

- Boy Scouts pays memberships for children on Blount county roster

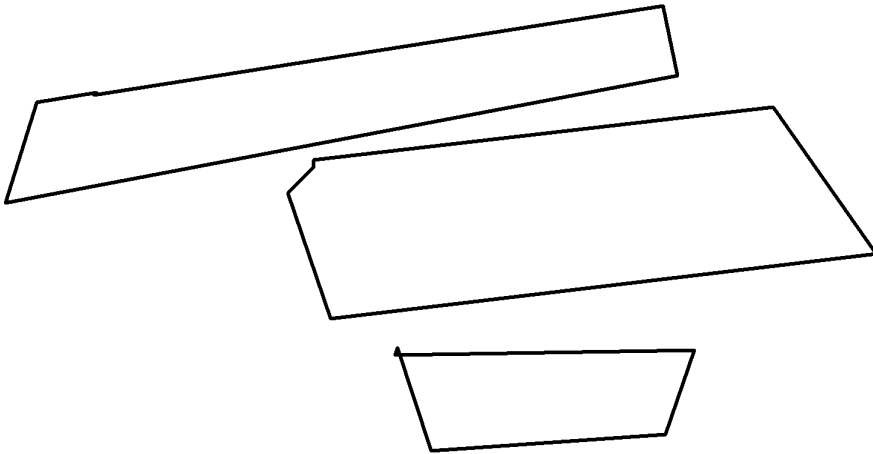

- Will go to [redacted] w/ fraud he has discovered
- wants to be protected under whistle blower act

Audit - ~~Private Auditor~~

- Directed to fully cooperate w/ Auditors
- Audit conducted by council

In the past people have been told to commit fraud, quit, or be fired

That was

Originally just went out & got names - if in that housing development

Subject: Greater Alabama Council Proposal

[redacted]
Here is a summary of the proposed grant from the Greater Alabama Council, BSA

Amount Requested: \$50,000
Total Project Budget: \$61,925
Project Title: Shooting Sports Education

Description: Applicant has submitted a proposal in request of funds to support the shooting sports education in 22 counties in north, east and central Alabama. The program's goal is to educate young men and women ages 8-21 about proper care and safe use of firearms and archery equipment. Objectives include developing awareness and specific skills through hands-on instruction. Participants will gain skills and knowledge, which by measured by instructors using BSA standards. Rifle, shotgun, and archery merit badges are specific examples of course syllabus and measurement tools.

b6
b7C

Proposed budget includes the following:

Personnel:	\$20,000
printing (newsletter)	\$3,500
Equipment	\$8,000
Ammunition	\$10,175
Supplies	\$6550
Archery	\$5600
Advertising	\$3200
Safety Equipment	\$900
Contingency & Misc.	\$4000
Total	\$61,925

Based on NRAF guidelines and best practices, I would recommend not funding the following items:

Personnel	\$20,000
Printing of newsletter	\$ 3,500
Contingency & Misc.	\$ 4,000

Total \$27,500 from \$50,000 = \$22,500 (for consideration)

[redacted] has reviewed the proposal as well and agrees with this assessment:

Assessment:
Under NRAF definitions this proposal is most appropriately funded by the State Fund Committee of Alabama. Recommend considering funding for \$22,500 of the requested amount only - these have been deemed eligible items!

FYI - the Alabama state fund committee may have about \$20,000 to allocate for grants. They have currently received \$110,000 in requests with two weeks left until the submission deadline. The Greater Alabama Council application is in the pool for review by the Alabama State Fund Committee in February.

NOTE:
In checking past records, I found that we have not received a final report for a grant awarded n 2003 (03AL06) in the amount of \$1500 to the Greater Alabama Council (shotguns; 22 rifles; ammo; targets) - this was due on 6/11/04. This would prohibit them from receiving any additional funding until this requirement is completed.

The application was received in September - application deadline is 8/1 annually.

Finally, as of this date, I do not have any idea of how much revenue will be available for national grant awards. In an

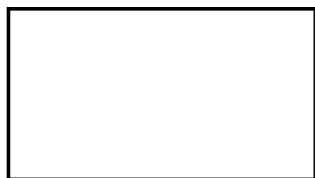

earlier conversation with [redacted] (November), it was too early to determine if there would be revenue available for national grant awards.

Finally, we now have nearly \$2 million in national grant requests for consideration.

I hope the information is helpful - please contact me with any questions or need for additional information.

Sincerely,

b6

Project Goals & Objectives:

The goal and objective of the hunter education / range expansion Segment of the shooting sports program is to promote safe shooting sports activities to help youth complete the Alabama Hunter Education course, and to expand shooting sports opportunities.

How did our grant contribute to your success?

The grant provided 2 shotgun, ammunition, hearing and eye protection as well as training for 2 hunter education instructors. Through our partnership, including the name recognition of the NRA and Boy Scouts of America, new partnerships were forged with the Alabama Hunting and Fishing Conservation Alliance to provide an exciting weekend for more than 150 youth. The program included presentation and hands-on experience provided by Alabama Quail Hunters, Ducks Unlimited, Alabama Bow Hunters, NWIF, Alabama Department of Conservation and Natural Resources, Alabama Dog Hunters and Alabama Bass Fishermen.

What impact has the project had on its intended audiences?

Over 7,000 youth participated in outdoor education experiences between the months of June 2004 and August 2004. Over 3,000 of these youth learned proper uses and safety procedures associated with shooting sports. From this group 52 youth completed their Alabama Hunter Education course.

How was the NRA Foundation recognized for their support? The NRA was recognized at program activities, the Birmingham Sporting Clays Classic and council publications.

How many people benefitted from this grant?

Over 7,000 youth age 8-17 and over 500 adult leaders.

Please specify the numbers of women, children, etc.

Title of Proposal: Hunter Education/Range Expansion Amount Requested: \$5,600

If funded, make check payable to: Greater Alabama Council, Boy Scouts of America

Estimated Total Project/Program Cost \$69,201

Starting Date: 01/01/2004

Ending Date: 12/31/2004

I. The purpose of the grant as outlined in this application is related to the following IRS 501(c)(3) area (select one) (you must support your selection in the application):

☐ Charitable ☐ Scientific ☐ Testing for public safety ☐ Literary ☒ Educational ☐ Fostering
National or International Amateur Sports Competition cannot include the provision of athletic facilities or equipment.

II. Project Description: In one clear and concise paragraph, please describe the project or program for which you are requesting this grant. Include how this project fits within the category selected above.

The shooting sports program at Camp Sequoyah will provide an opportunity for boys to complete the Hunter Education program while at Boy Scout summer camp. We anticipate more than 200 boys will complete the training as prescribed by Alabama law and be awarded their hunting license in 2004.

III. Public Group to Benefit: Please describe the audience who will benefit or who will receive services as a result of this project or program. *Note: IRS regulations prohibit awards of grants where private benefits accrue to the applicant.*

The young men completing the training will be the primary beneficiaries. However, the state will also benefit from increased license sales; the public will benefit from safer hunters and the environment will benefit from more educated outdoorsmen. All Scouts will benefit from expanded and upgraded facilities and program materials.

IV. Project Purpose: In one sentence, please state the reason – the anticipated overall outcome – for this project or program.

To provide an additional, exciting, and educational summer camp program for the young men who will soon be guiding the hunting, outdoor and environmental programs in Alabama and the United States.

V. Project Goal(s): In measurable terms, please state the goals this project must accomplish in order to achieve its purpose; the goals should relate to the category selected in Part I.

Goal #1 – To promote safe shooting sports activities

Goal #2 – To help young men complete the Alabama Hunter Education Course and develop positive outdoor practices.

Goal #3 – To expand the shooting sports opportunities at Camp Sequoyah.

Goal #4 – To partner with other organizations such as NWTF, Buck Masters, QU, DU, etc. and extend educational programs to youth outside traditional Scouting membership.

VI. Statement of Need: In one paragraph, please explain what will happen if this project or program does not take place.

Programs, facilities, and equipment will be insufficient to meet demand and provide all needed educational material and opportunities.

VII. Qualifications: Please state why your organization and the individuals conducting this project or program are qualified to do so.

(a) Organization: The Greater Alabama Council is working with the Alabama Department of Conservation and Natural Resources to provide hunter education at Camp Sequoyah.

Is the organization classified as a 501(c)(3) organization by the IRS? ☐ No ☒ Yes (if so, please attach a copy of the determination letter or your resource in answering this question)

(b) Staff/Volunteers: All staff and volunteers will have completed a week long Boy Scout shooting sports training by the State of Alabama. Range instructors are NRA certified.

VIII. Budget: Please estimate the cost of this project; please attach a worksheet and add any categories as necessary.

Personnel	\$21,000
Equipment & Supplies	\$16,975
Printing & Publishing	\$1,700
Construction	\$20,500
Other (please explain)	\$9,026
Total	\$69,201

Other organizations providing funds (if any): Partial funding through the Birmingham Sporting Clays Classic has provided over \$25,000 in the past two years.

IX. Evaluation: Describe the criteria to be used in determining the success or impact of this project/program.

This program will be successful when youth have an opportunity to learn about shooting sports and complete the hunter education program. A safe and enjoyable range environment with modern equipment, and qualified instructors will help youth learn safe shooting sports habits.

IX. Evaluation (continued): If awarded this grant, will you provide NRA and The NRA Foundation recognition? If so, how?

Yes, we will identify the shooting sports complex in a way that is fitting for the benefactor and recognize the NRA / Friends of the NRA in the Pinnacle.

Re: COUNCIL TAX-EXEMPT STATUS

Attached is a letter dated December 13, 2001, from the Internal Revenue Service. It reaffirms the status of the Boy Scouts of America as a public charity that is tax exempt under IRC Section 501(c)(3). It extends this tax-exempt status to all local councils and their approved council trust funds by allowing us to include them in our group exemption as subordinate organizations of the BSA National Council.

As before, Scout units are not covered by this letter. Units are not subordinate organizations of either the National Council or your local council. The tax-exempt status of units continues to relate to, and be dictated by, the operating organization for each individual unit. This is consistent with all past and present IRS policies and guidelines, as well as our group ruling.

A copy of this IRS letter (along with this memo) should be sufficient for taxing entities, corporations, and foundations that require proof of your council's tax-exempt status. If you have any questions, or need anything further, please call the Finance Support Division at 972-580-2219. Thank you very much.

Purpose of Form

A person who is required to file an information return with the IRS must get your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to give your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

If you are a foreign person, use the appropriate Form W-8. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Corporations.

Note: If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

What is backup withholding? Persons making certain payments to you must withhold and pay to the IRS 31% of such payments under certain conditions. This is called "backup withholding." Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

If you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return, payments you receive will not be subject to backup withholding. Payments you receive will be subject to backup withholding if:

CONFLICT-OF-INTEREST POLICY FOR PROFESSIONAL SCOUTERS

RESOLVED, That the following conflict-of-interest policy become the policy of this corporation and be applied to professional Scouters. It is imperative that employees of the Boy Scouts of America conduct themselves with a degree of honesty and integrity which is beyond reproach or even suspicion.

While it is not possible to anticipate every situation and prescribe a precise rule for each, it is possible to set forth certain basic, general principles to be observed by employees at all times. The essence of this policy is that employees shall always deal with others doing, or seeking to do, business with the Boy Scouts of America in a manner that excludes all consideration of personal advantage. Accordingly, every employee of the Greater Alabama Council is subject to the following policy:

1. Interest in Other Business Organization

Employees of the Boy Scouts of America or any local council thereof or members of their immediate families shall not have any interest, direct or indirect, in any other business which in any degree conflicts with the employee's primary obligations to the Boy Scouts of America or any local council thereof. In this regard, employees or members of their immediate families should not possess a significant financial interest in any business that does, or seeks to do, business with the Boy Scouts of America or any local council thereof. In addition, employees should not conduct business on behalf of the Boy Scouts of America or any local council thereof with members of their immediate family, or a business organization with which the employees or members of their immediate families have any association which could be construed as significant in terms of potential conflict of interest.

2. Gifts, Favors, Entertainment and Payments to Employees

Employees shall not seek or accept any gifts, payments, fees, services, valuable privileges, vacations or pleasure trips, loans (other than conventional loans from lending institutions) or other favors from any person or business organization that does, or seeks to do, business with the Boy Scouts of America or any local council thereof. No employee shall accept anything of value in exchange for referral of parties to any person or business organization that does, or seeks to do, business with the Boy Scouts of America or any local council thereof. In the application of this policy:

(a) Employees may accept common courtesies of nominal value usually associated with accepted business practices for themselves and members of their families.

(b) An especially strict standard is expected with respect to gifts, services or considerations of any kind from suppliers. Entertainment at the expense of suppliers beyond that contemplated by (a) above should not be accepted under any circumstance.

(c) It is never permissible to accept a gift in cash or cash equivalents of any amount.

(d) This policy does not preclude the acceptance of benefits to the Boy Scouts of America as compared to benefits to an individual employee.

(e) This policy does not preclude the acceptance of courtesies extended to employees of the Boy Scouts of America or any local council thereof in their official capacities, such as gratis hotel rooms for business (but not personal use) in connection with meetings.

(f) This policy will be communicated to persons and organizations doing, or seeking to do, business with the Boy Scouts of America or any local council thereof.

3. Confidential Information

Employees shall not, without proper authority, give or release to anyone not an employee, or to another employee who has no need for the information, data or information of a confidential nature concerning the Boy Scouts of America or any local council thereof.

4. Gifts, Favors, Entertainment, and Payments by the Boy Scouts of America or Any Local Council Thereof

Gifts, favors, and entertainment may be given others at the expense of the Boy Scouts of America or any local council thereof only if they meet all of the following criteria:

(a) They are consistent with accepted business practices.

(b) They are of sufficiently limited value, and in a form that will not be construed as improper.

(c) They are not in contravention of applicable law and generally accepted ethical standards.

(d) Public disclosure of the facts will not embarrass the Boy Scouts of America or any local council thereof.

5. Obligation to Disclose

Any employee who believes that his or her personal actions or interests, or the actions of others, may violate this policy must discuss the matter with the Scout executive. Additional interpretations of this policy and definitions of words and phrases used herein will be made upon request to the Scout executive.

6. Sanctions

Any employee whose actions or interests violate this policy is subject to termination on that account alone, if such is determined to be in the best interests of the movement.

It is the responsibility of every employee of the Boy Scouts of America or any local council thereof to be aware of and to observe these standards. Accordingly, each employee is asked to sign and return the accompanying Employee Statement relating to these standards. Employee Statements will be held in complete confidence. The employee statement will be reexecuted on a regular basis.

EMPLOYEE STATEMENT

I certify that I have received a copy of the Council Conflict of Interest Policy, dated 10-28-83, and that neither I nor any member of my immediate family have any personal economic interest that could be construed as opposed to the best interests of the Boy Scouts of America or any local council thereof or in violation of the stated conflict of interest policy, other than any exceptions listed below.

APPENDIX

THE LOCAL COUNCIL ANNUAL MEETING

These are the recommended procedures for conducting a local council annual meeting based upon the procedures set forth in article III, section 3, clause 1, of the Standard Local Council Articles of Incorporation and Bylaws, No. 3736A, which states:

"The annual meeting of the local council shall be held at such place . . . and at such time as the executive board of the corporation may determine. The annual meeting of the local council shall be for the purpose of:

- a. Receiving annual reports of the executive board, officers, and various committees,
- b. Electing members at large, associate and honorary members of the local council, National Council members, regular members of the executive board, and officers of the corporation other than the Scout executive,
- c. Receiving and approving financial statements showing the financial position of the corporation as of the close of its most recent complete fiscal year and the results of operations during such year, and
- d. Transacting such other business as may come before the meeting."

It is suggested that the following guidelines be observed:

1. The proposed agenda, notice, and election procedures should be reviewed in conference by the council president, Scout executive, and area director well in advance of the meeting (i.e., prior to the board meeting which is 3 months before the annual meeting).
2. The council chairman must give careful attention to the appointment of both the nominating committee and the committee on program and resolutions within the time specified in the bylaws. It would be well for the council president to appoint a volunteer Scouter knowledgeable in the BSA election procedures, as well as the applicable nonprofit corporation state law requirements, to serve as parliamentarian and also election judge(s). These appointments should be published with sufficient advance notice to give voting members the opportunity to send in written recommendations.
3. Notice of the annual meeting must be given in writing a minimum number of days in advance of the meeting, as specified in the bylaws of the council.

4. Develop a list of the names of presently registered chartered organization representatives in the council and the name of the organization which each represents. The list should indicate anticipated attendance at the annual meeting. Chartered organization representatives must constitute a majority of the active membership of the local council at all times.

5. Local council bylaws should stipulate the quorum requirements. The National Council recommends that a quorum for the local council conform to the laws of the state in which the council is incorporated. When this is not stated, 5 percent or 10 percent or 15 percent of the total voting membership is recommended.

6. Voting delegates and nonvoting delegates should be properly identified at the annual meeting with easily recognizable and distinctive name tags. All voting delegates should register as they arrive.

7. The council president may desire to call upon the parliamentarian to explain the election procedures before turning the meeting over to the nominating committee chairman to present the nominating committee report and conduct the elections. Copies of the election procedures and council bylaws should be on hand for ready reference. The election procedure should be dignified and be carried out in a businesslike manner. Nominations from the floor are not permitted in BSA election procedures.

8. It is strongly recommended that all officers and members of the executive board be contacted personally (and proposed members at large of the council written to) informing them of the intention of the nominating committee to place their name in nomination for election at the council's annual meeting unless they inform the chairman of the nominating committee otherwise. This is not only a courtesy, but strengthens the position of the nominating committee's final recommendations.

9. A strategy meeting should be held no more than 10 days (preferably within 24 hours) in advance of the annual meeting, at which the council president, Scout executive, parliamentarian, nominating committee chairman (and where possible the regional and/or area representative) are present to review the agenda and to discuss the possibility of problems arising.

10. In the event that problems or divisive matters are anticipated at the meeting, it is appropriate to determine whether or not it is proper to raise such items at the meeting under the council's bylaws. If so, it will be necessary to devise strategy to cope with each matter. It may be appropriate to contact all voting members to give them additional information and to assess the voting position of each.

11. Misunderstandings occur because of inadequate communication. Be sure all volunteer Scouters, especially those from the districts, are well informed. It may be useful to suggest to district Scouters that they have direct representation on the executive board through their district chairman and thus may have their views represented in this manner.

12. The National Council of the Boy Scouts of America may be called upon by the executive board of a local council for assistance in these matters; such as conducting special audits in such areas as personnel, membership, or fiscal stewardship.

COUNCIL ELECTION PROCEDURES

Purpose

To elect council members at large, associate and honorary members of the local council, local council representatives to the National Council, regular members of the executive board, and officers of the corporation other than the Scout executive.

Those eligible to vote

1. Registered chartered organization representatives currently officially representing chartered organizations within the council's geographical boundaries.
2. Registered, duly elected council members at large.

Time of elections

The date, time, and place of the annual business meeting of the local council is specified by the executive board of the corporation as prescribed by the council's bylaws.

Process

1. At least 90 days prior to the date set for the annual business meeting of the local council, the president shall appoint a nominating committee, subject to board approval, of not fewer than three active council members. Consideration may be given to adding a former council president and the inclusion of one or two persons of the highest community stature who are not active members of the local council.

2. The members of the nominating committee will be identified to council Scouters between 60 and 45 days prior to the annual council business meeting so that names may be given to them for consideration.

3. Suggested nominees from registered local council Scouters are to be considered if they are received in writing no less than 30 days prior to the annual business meeting. Those who offer names to the nominating committee should supply some background information but should not have secured the permission of the person to be nominated and to serve if elected.

4. The nominating committee will meet with the Scout executive, serving as the secretary and having no vote, for the purpose of selecting a slate of nominees for election.

5. Nominations received in writing within the allowable time from Scouters not on the nominating committee are given serious consideration. Each such nomination should be acknowledged with a brief letter of thanks and the assurance that the candidate will be considered.

6. The nominating committee will select a slate consisting of a single candidate for each council officer position and no more than the legally allowable number of persons for each of the following categories: executive board members, advisory board members, council members at large, associate and honorary members, local council representatives to the National Council; however, the committee may elect not to completely fill the latter categories.

The nominating committee will then ensure that sufficient copies of the ballot are printed and that one is provided to each official voting member present at the local council annual business meeting. The order of listing on the ballot is as follows:

Council members at large
Associate and honorary members
Executive board members and advisory council members
Council officers (except Scout executive) and local council representatives to the National Council.

7. Following the elections it is important to notify those elected, to congratulate each, and to register those not already registered as active members of the Boy Scouts of America.

Details and Contingencies

1. Newly elected officers and local council members at large take office immediately following the annual business meeting.

2. Should any portion of the nominating committee's report be rejected, this portion would be reintroduced, with or without changes, for consideration at an adjourned or special or postponed meeting to be held no more than 60 days after the annual business meeting. This would permit write-in nominations to be submitted and studied by the nominating committee.

Formal notice of the rescheduled meeting, stating the purpose, etc., should be sent to eligible voters. The nominating committee should, at the rescheduled meeting, be called upon by the president to proceed with that portion (or portions) of the election that was not completed. It is hoped that nominating committee members will discover the reasons for the failure of acceptance of the slate and attempt to deal with them prior to one rescheduled meeting.

3. In the event that a resolution is still not obtained, the process described in "2" above will be followed once more. Failing resolution the second time, the president may (a) elect to entertain a motion to follow the process in "2" above once again, or (b) dismiss the present nominating committee and appoint a new one which will meet and draw up a slate to be presented according to the guidelines above.

4. Since officers, regular members of the executive board, and council members at large take office immediately following the local council annual business meeting (local council Bylaws, Article III, Section 2, Clause 1 and Article IV, Section 3) they will assume office as soon as the local council annual business meeting is adjourned.

5. Voting should be done by ballot. The nominating committee's slate, having been printed and distributed to eligible voters at the meeting, may be used as an official ballot should there be the need.

The chairman of the nominating committee may "move the acceptance of the category under consideration and instruct the secretary to cast a unanimous ballot for the proposed nominees." If this motion is carried, there is no need to collect the printed ballots.

If the "unanimous ballot" motion is defeated then the president immediately will appoint tellers from among the active, registered members present to collect and tally the ballots. It may be helpful to have eligible voters sign their names so that their eligibility can be checked.

SERVICE AREA ELECTION PROCEDURES

Purpose

To elect service area officers and members-at-large.

Those eligible to vote

1. Registered service area members at large duly elected at the last annual service area meeting or during the interim at a regular, duly called service area meeting.
2. Registered council members at large residing in the service area.

Time

The service area meeting prior to the council annual meeting should be the service area annual meeting.

Process

1. Ninety days prior to the service area annual meeting, the service area president will submit suggestions for members of the nominating committee to the council chairman for approval. This committee should consist of three to five members. The chairman has the discretion to add or delete names for the nominating committee from the council executive board or the community at large. It is recommended that the council chairman appoint a member of the council executive board to serve on this committee.
2. When approval is received from the council chairman, the committee will meet with the service area executive as adviser to form the slate comprised of nominees for service area president, one or more vice presidents, operating committee chairmen, and members at large, plus a nominee to be submitted by the service area president for council executive board approval to serve as service area commissioner.
3. The nominating committee not only will agree on the slate but also will secure the nominees' permission to stand for election and to serve if elected.
4. The members of the nominating committee will be identified to the service area Scouters between 60 and 30 days prior to the annual service area meeting so that suggestions may be given to them for consideration. (This information may be included in one formal notice of the annual meeting.)
5. Suggestions may be made in writing to the nominating committee for inclusion in its report providing the nominees thus entered are received by the nominating committee at least 2 weeks prior to the annual meeting of the service area. If accepted by the nominating committee, the candidate will be contacted by the nominating committee and permission received from the person to stand for election and to serve.

6. At the service area annual meeting the service area president will call upon the chairman of the nominating committee for the committee's report and "turn over the chair to conduct the elections."

a. The chairman of the nominating committee will present first the committee's nominees for members at large: call for a motion, second, and vote.

b. The chairman of the nominating committee then will present the committee's nominees for service area president, vice presidents, and operating committee chairmen: call for a motion, second, and vote.

c. The service area commissioner is to be an elected member at large but is offered for appointment and approval as service area commissioner by the council executive board through the report of the service area president and with the concurrence of the Scout executive. The service area commissioner is not elected at the service area annual meeting.

d. Vote of the majority of the members present at the service area meeting is required for election.

Details and Contingencies

1. Newly elected officers and members at large take office immediately upon election.

2. If any portion of the nominating committee's report is rejected, this portion must be reintroduced at a special or adjourned or recessed meeting of the service area committee to be held within 30 days of the present meeting. Formal notice of this meeting must be sent to eligible voters immediately so that it is received at least 2 weeks prior to the meeting. Additional names may be submitted to the nominating committee during that period. The nominating committee will, at the next meeting, proceed with the portion of the election that failed passage. It is hoped that the nominating committee members will discover the reasons for the failure of acceptance and attempt to deal with them.

3. In the event that a resolution is still not obtained, then the matter will be referred to the council president and/or executive board for final resolution.

4. Because members at large take office immediately upon election, they and the chartered organization representatives are eligible to vote at postponed elections if they were elected and the officers' slate was not accepted.

5. Voting may be done by ballot but voice or hand votes are acceptable since a service area is a nonpolicymaking body. If ballots are used, the secretary should be instructed to collect ballots only from those eligible to vote, marked with the name of eligible voters and counted by clerks appointed by the chairman of the nominating committee. A motion to cast a unanimous ballot for the proposed candidates is acceptable.

DISTRICT ELECTION PROCEDURES

Purpose

To elect district officers and district members at large.

Those eligible to vote

1. Chartered organization representatives registered and currently representing chartered organizations within the district's geographical boundaries. (see "chartered organization representative" on next page.)
2. Registered district members at large duly elected at the last annual district committee meeting or during the interim at a regular, duly called district committee meeting.
3. Registered council members at large residing in the district.

Time

The district committee meeting immediately preceding the council annual meeting should be the district annual meeting.

Process

1. Ninety days prior to the district annual meeting, the district chairman will submit suggestions for members of the nominating committee to the council president for approval. This committee should consist of three to five members. The president has the discretion to add or delete names for the nominating committee from the council executive board or the community at large. It is recommended that the council president appoint a member of the council executive board to serve on this committee.
2. When approval is received from the council president the committee will meet with the district executive as adviser to form the slate comprised of nominees for district chairman, one or more vice-chairmen, and district members at large, plus a nominee to be submitted by the district chairman for council executive board approval to serve as district commissioner.

3. The nominating committee not only will agree on the slate but also will secure the nominees' permission to stand for election and to serve if elected.

4. The members of the nominating committee will be identified to the district Scouters between 60 and 30 days prior to the annual district committee meeting so that suggestions may be given to them for consideration. (This information may be included in one formal notice of the annual meeting.)

5. Suggestions may be made in writing to the nominating committee for inclusion in its report providing the nominees thus entered are received by the nominating committee at least 2 weeks prior to the annual meeting of the district. If accepted by the nominating committee, the candidate will be contacted by the nominating committee and permission received from the person to stand for election and to serve.

6. At the district annual meeting the district chairman will call upon the chairman of the nominating committee for the committee's report and "turn over the chair to conduct the elections."

a. The chairman of the nominating committee will present first the committee's nominees for district members at large; call for a motion, second, and vote.

b. The chairman of the nominating committee then will present the committee's nominees for district chairman and vice-chairmen; call for a motion, second, and vote.

c. The district commissioner is to be an elected member at large but is offered for appointment and approval as district commissioner by the council executive board through the report of the district chairman and with the concurrence of the Scout executive. The district commissioner is not elected at the district annual meeting.

d. Vote of the majority of the members present at the district meeting is required for election.

Details and Contingencies

1. Newly elected officers and members at large take office immediately upon election.

2. If any portion of the nominating committee's report is rejected, this portion must be reintroduced at a special or adjourned or recessed meeting of the district committee to be held within 30 days of the present meeting. 4. Because members at large take office immediately upon election, they and the chartered organization representatives are eligible to vote at postponed elections if they were elected and the officers' slate was not accepted.

If ballots are used, the secretary should be instructed to collect ballots only from those eligible to vote, marked with the name of eligible voters and counted by clerks appointed by the chairman of the nominating committee. A motion to cast a unanimous ballot for the proposed candidates is acceptable.

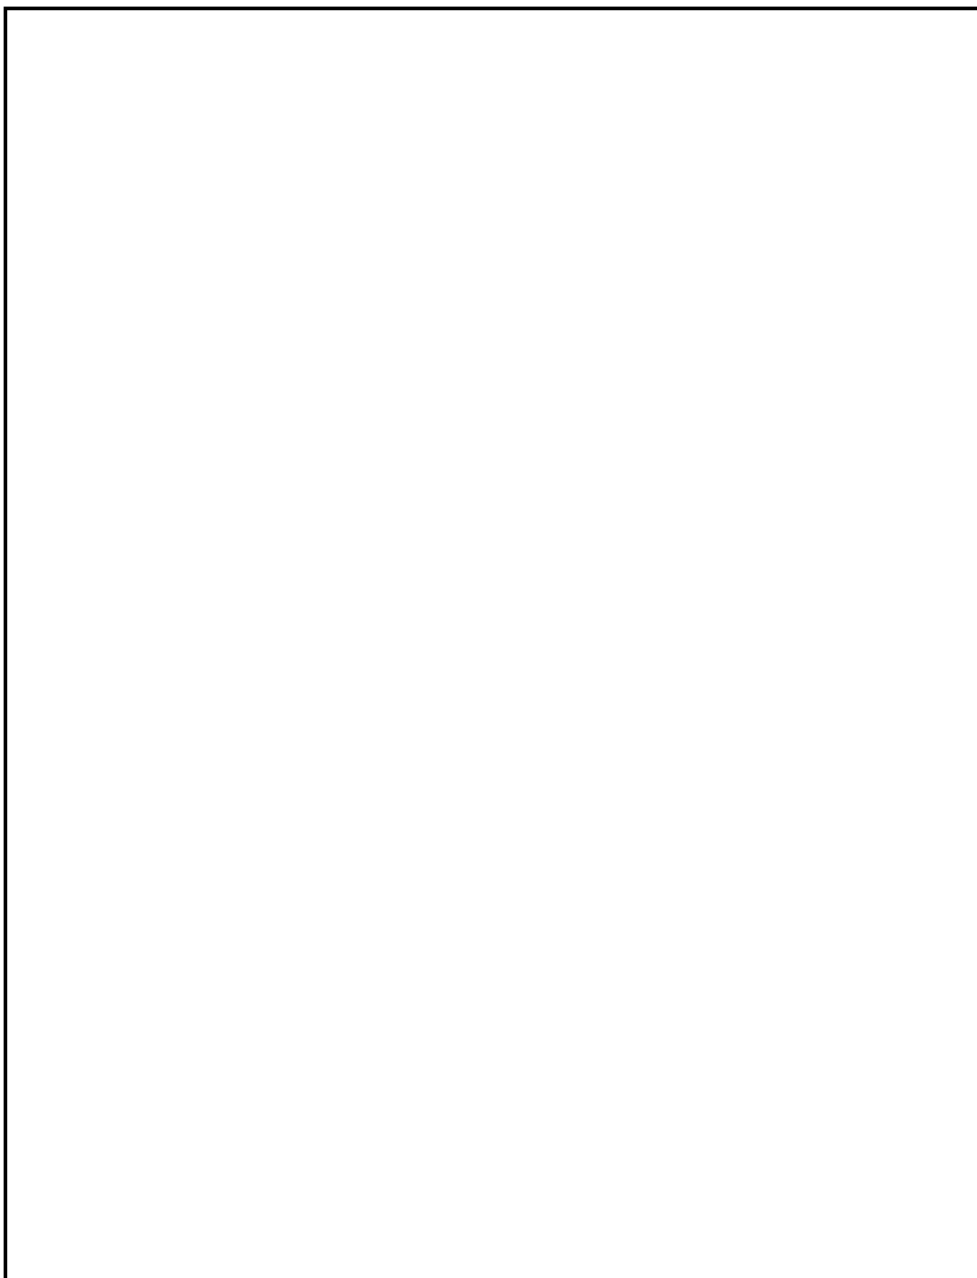

Chartered Organization Representative

1. The chartered organization representative is automatically a voting member of the council and the district upon the selection or appointment by the community organization and when registered as a member of the Boy Scouts of America. The individual is to be registered during the time that the chartered organization designates this person as chartered organization representative.

2. Primary responsibilities are (1) help units to be successful and (2) serve as liaison between the chartered organization and Scouting.

3. The chartered organization representative is encouraged to become an active, participating member of one of the district's committees.

Part II For U.S. Payees Exempt From Backup Withholding (See the instructions on page 2.)

List account number(s) here (optional)

Part III Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 2.)

Sign Here **Signature of U.S. person** **Date** **4/22/03**

Purpose of Form

A person who is required to file an information return with the IRS must get your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to give your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee.

If you are a foreign person, use the appropriate Form W-8. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Corporations.

Note: If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

What is backup withholding? Persons making certain payments to you must withhold and pay to the IRS 31% of such payments under certain conditions. This is called "backup withholding." Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

If you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return, payments you receive will not be subject to backup withholding. Payments you receive will be subject to backup withholding if:

- You do not furnish your TIN to the requester, or
- You do not certify your TIN when required (see the Part III instructions on page 2 for details), or
- The IRS tells the requester that you furnished an incorrect TIN, or
- The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the Part II instructions and the separate Instructions for the Requester of Form W-9.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of Federal law, the requester may be subject to civil and criminal penalties.

I. The purpose of the grant as outlined in this application is related to the following IRS 501(c)(3) area (select one) (you must support your selection in the application):

II. Project Description: In one clear and concise paragraph, please describe the project or program for which you are requesting this grant. Include how this project fits within the category selected above.

Shooting sports is an activity in the Scouting program that teaches youth to respect and enjoy firearms. In shooting sports archery, .22 rifle, shotgun, and black powder are demonstrated to youth, followed by supervised "hands-on" participation. This grant will provide funding for the shooting range, NRA certified instructors, firearms, ammunition, and targets.

III. Public Group to Benefit: Please describe the audience who will benefit or who will receive services as a result of this project or program. *Note: IRS regulations prohibit awards of grants where private benefits accrue to the applicant.*

The audience will include over 65,000 youth participants in the Scouting program of North Alabama.

IV. Project Purpose: In one sentence, please state the reason – the anticipated overall outcome – for this project or program.

The reason for shooting sports is to educate youth on the proper care and use of firearms and archery equipment.

V. Project Goal(s): In measurable terms, please state the goals this project must accomplish in order to achieve its purpose; the goals should relate to the category selected in Part I.

The goal of shooting sports is to offer youth an opportunity to experience safe firearm operation. This is measurable through the number of youth in the program and their completion of shooting sports merit badges.

VI. Statement of Need: In one paragraph, please explain what will happen if this project or program does not take place.

The quality and number of youth participation in shooting sports will be diminished through a lack of funding. Although some funding has been secured, there is a short fall in needed supplies compared to the number of Scouts interested in this program.

VII. Qualifications: Please state why your organization and the individuals conducting this project or program are qualified to do so.

(a) Organization: As a dynamic outdoor educational organization, the Boy Scouts has been introducing youth to firearms use and safety since 1910.

Is the organization classified as a 501(c)(3) organization by the IRS? ☐ No ☒ Yes (if so, please attach a copy of the determination letter or your resource in answering this question)

(b) Staff/Volunteers: Staff/Volunteers attend a week-long training and are NRA certified.

VIII. Budget: Please estimate the cost of this project; please attach a worksheet and add any categories as necessary.

Personnel	\$18,500
Equipment & Supplies	\$26,750
Printing & Publishing	\$2,000
	\$
Other (please explain)	\$
Total	\$47,250

Other organizations providing funds (if any): Royal Sporting Limited, Knight Rifles (EBSCO Industries)

IX. Evaluation: Describe the criteria to be used in determining the success or impact of this project/program.

Scouts participate in a week-long course. They are given daily instruction and evaluation. At the end of the course, they are evaluated with a written exam and a practical shooting evaluation.

IX. Evaluation (continued): If awarded this grant, will you provide NRA and The NRA Foundation recognition? If so, how?

Yes, through "The Pinnacle", a newsletter to over 20,000 households in North Alabama, the NRA will be recognized as a shooting sports partner with the Greater Alabama Council.

Guidelines For Application Submission

September 2005

The NRA Foundation is proud of its support of youth programs, range development/improvement, training, education and safety through the Grant Program.

The following organizations ARE NOT eligible for grants:

Political candidates or organizations

Labor organizations

State Fund Committees

Friends of NRA Committees

Private business/private enterprise

Other organizations or groups who have not been assigned a federal employer identification number (EIN) by the Internal Revenue Service. (A signed copy of IRS Form W-9 disclosing this number must be included with all applications.)

The following guidelines govern the award of all State Fund Committee grants made under the auspices of the Friends of NRA program. Please read this entire document prior to completing a grant application. These guidelines supersede all previous rules governing the application for, and award of NRA State Fund Committee grants.

1. GENERAL PROVISIONS

1. The NRA Foundation, Inc. ("NRA Foundation") was established as a District of Columbia corporation in 1990 and has been recognized by the Internal Revenue Service as a 501(c)(3) tax-exempt organization. Contributions to The NRA Foundation are tax-deductible to the extent allowed by law. Funds raised by The NRA Foundation, and particularly funds raised through Friends of NRA events, support a variety of firearms-related public interest projects and activities of organizations. Fifty percent of the net proceeds raised from Friends of NRA events in a given state are earmarked by The NRA Foundation to support qualified, eligible charitable projects at the grassroots level in that state. These funds are available to qualifying organizations or groups through NRA Foundation State Fund Committee Grants. Recommendations for funding recipients are made by the State Fund Committee to The NRA Foundation's Board of Trustees for final approval.

Grants are awarded to qualifying projects or activities that promote firearms and hunting safety; enhance the marksmanship skills of those participating in the shooting sports; educate the general public about firearms in their historic, technological, and artistic context; or contribute to the general well-being of the public at large. NRA Foundation State Fund Committee (State Fund Committee) grants benefit a variety of constituencies including children, youth, women, individuals with physical disabilities, gun collectors, law enforcement officers, hunters, and competitive teams.

2. STATE FUND COMMITTEES

2. A State Fund Committee shall be made up of qualified individuals appointed by The NRA Foundation from individuals nominated by Friends of NRA event committees. State Fund Committee Members are appointed pursuant to, and governed by, operational procedures for Friends of NRA. One State Fund Committee shall be appointed to represent the interests of each state or region. The committee shall review and recommend for approval (by The NRA Foundation Board of Trustees), projects from groups or organizations in the state/region that have submitted grant applications to The NRA Foundation for funding support from a Friends of NRA State Fund.

In reviewing grant applications, State Fund

Committees will apply the following criteria and recommend to the Foundation's Board of Trustees only projects conforming to these guidelines. All other applications will be rejected.

3. ELIGIBLE APPLICANTS

3. An "Eligible group" is any organization, association or other entity, whether formally incorporated or not, that has, as a minimum, a unique federal employer identification number (EIN) issued by the Internal Revenue Service. Eligible organizations or groups may apply for an NRA Foundation State Fund Committee grant for a qualifying project or activity.

Applicants seeking to qualify for support shall not discriminate against any member, person or other user of its facilities or equipment on the basis of age, race, color, sex or national origin. Applicants are not required to be members of or have association with the NRA to receive funds under this grant program.

4. PROJECTS/ACTIVITIES ELIGIBLE FOR FUNDING

Proposed projects/activities must conform to, and foster the purposes set forth in The NRA Foundation's Articles of Incorporation and mission statement. Allowable 501(c)(3) purposes or categories are limited to projects which are or include: charitable, scientific, testing for public safety, literary, educational, or fostering national or international amateur sports competition (cannot include the provision of athletic facilities or equipment). Each applicant must specify which purpose or category the proposed project furthers. Any applicant which fails to state an allowable 501(c)(3) purpose will not be considered for funding. The purposes are as follows:

- Promote, advance and encourage firearms and hunting safety.
- Educate individuals, including the youth of the United States, with respect to firearms and firearms history and hunting safety and marksmanship, as well as with respect to other subjects that are of importance to the well-being of the general public.
- Conduct research to further improve firearms safety and marksmanship facilities and techniques.
- Support activities of the National Rifle Association of America, but only to the extent that such activities are in furtherance of charitable, educational or scientific purposes within the meaning of section 501(c)(3) of the Internal Revenue Code of 1986, as amended, or any similar provision subsequently enacted.
- Engage in any other activity that is incidental to, connected with, or in advancement of the foregoing purposes and that is within the scope of allowable purposes under 26 U.S.C. 501(c)(3).
- Law Enforcement Agencies who seek funding in the

The following activities or projects ARE NOT eligible for funding:

Projects that confer a private benefit upon the members of the applying club or group (restricted to a particular club or group only).

Deficit financing (payment for something already purchased or a reimbursement for an event that has already taken place).

Projects for commercial ventures (private business).

Projects that require membership in the NRA or in the applying club or group (*Organizations may be private or open only to members, provided the project or activity for which funding is sought is open to the public*). Documentation must validate some measurable public benefit to be eligible for funding.

Applications from organizations or groups who have not submitted final reports for previously awarded grants.

In addition, the following limitations/restrictions apply to grants that are otherwise eligible for funding: No funding will be awarded to an applicant for payment of administrative fees, office overhead, or other similar charges; The Foundation does not approve multi-year funding of projects—requests must be submitted for consideration each year. If funds are awarded one year, that does not guarantee funding in subsequent years; Funding cannot be given for competitions requiring NRA or other clubs or association membership. In addition, although grants may be sought for the purpose of fostering national or international amateur sports competition, grant awards cannot be made for the purpose of providing facilities or equipment to be used in such competitions.

following areas: tuition for all NRA training classes; purchase of portable defibrillators for use in patrol cars; purchase and training of K-9 dogs (to be used for drug detection, bomb detection and search-and-rescue); purchase of individual body armor; purchase of "Quic-Clot" (new product for traumatic injury/bleeding—currently in testing phase—recommended for all patrol units); purchase of tire spikes (used to stop and puncture tires); maintenance of, and purchase of supplies for police ranges (multi-agency use); purchase of individual traffic safety vests; purchase of chemical/biohazard suits; and purchase of robots. Other types of projects will be considered on a case by case basis.

Allowable 501(c)(3) purposes or categories are limited to projects which are or include: charitable, scientific, testing for public safety, literary, educational, or fostering national or international amateur sports competition (cannot include the provision of athletic facilities or equipment). Each application must specify which purpose or category the proposed project furthers. Any application which fails to state an allowable 501(c)(3) purpose will not be considered for funding.

5. COMPLETING THE APPLICATION

All applications for State Fund Committee grants must be submitted on official NRA Foundation grant application forms. These application forms are available from NRA Field Representatives or from The NRA Foundation as well as attached to the NRA Foundation web site. All requested information must be provided at the time of application including public use letters for projects involving range improvements, IRS W-9 forms, EIN/TAX ID Number, and a signed consideration agreement. Please feel free to contact the Grant Manager with questions about qualifying projects. For grant applications to be promptly considered by the NRA Foundation, they must be received by the State Fund Committee Secretary prior to the application deadline set for that state. Applications are reviewed and recommended for approval by the State Fund Committee utilizing the guidelines contained herein. All applications recommended for approval by the State Fund Committee will be transmitted by the State Fund Committee Secretary in one package to: *The NRA Foundation, Attn: Sandy Elkin, Grant Manager, 11250 Waples Mill Road, Fairfax, VA 22030*. Prior to transmitting applications to the Foundation, State Fund Committees review each application to ensure it has been completed properly and that all supporting/required documentation is attached.

Refer to the final checklist attached to the application form to ensure all required documents are included. Applications that do not contain all required information, forms, attachments or signatures will not be considered for funding.

6. A SPECIAL NOTE ON APPLICATIONS FROM GUN CLUBS AND RANGES

Applications from sportsman's clubs and ranges will be evaluated and treated in the same manner as applications from any other entities. Proposed projects must promote an allowable 501(c)(3) activity as set forth in paragraph 4 above. This is particularly important in light of the very real potential for a determination by the Internal Revenue Service that a private benefit has been conferred upon members of the club or range. Applications from clubs or ranges requesting improvements to ranges must have unassailable documentation that the project will benefit the public at large. Applications for range or club improvements must contain letters from such organizations as the Boy Scouts, Cub Scouts, 4-H, FFA, law enforcement, ROTC or other military units, recognized charities, or other agencies or

groups stating that those agencies or groups regularly use the range or club at no charge for training or educational purposes and that the improvements sought are necessary and required for those agencies or groups to continue to utilize the facilities. Applicants must provide a minimum of three (3) such letters attesting to the public use of the range or facility or the application for funding will be denied. Applicants are encouraged to provide a letter from each such group or organization which uses the facilities.

Applications from clubs or ranges that describe how the project will benefit club members or NRA members or potential members will be categorically rejected. A statement on an application such as "this project will improve the reputation of the club thereby helping to recruit new members" is the very essence of conferring a private benefit and, consequently, is strictly prohibited by the Internal Revenue Service.

7. FINAL REVIEW/APPROVAL PROCESS

Once applications have been recommended for approval by the State Fund Committee and transmitted to the NRA Foundation, the following review process will be conducted:

Step 1: Applications undergo a thorough review by the grant manager and/or by legal counsel to assure both applicants and projects are eligible for funding under current IRS rules and regulations. Eligibility determinations made by NRA Foundation attorneys shall be deemed final.

Step 2: If warranted, applications may be referred for additional review or comment to an appropriate NRA department.

Step 3: The applicant and State Fund Committee Secretary will be notified upon completion of the NRA department review if the project does not meet criteria to qualify for funding. State Fund Committee revenue earmarked for such non-qualifying projects will then be credited back to the appropriate state fund and made available to other grants.

Step 4: Qualifying projects are submitted by mail ballot to The NRA Foundation Board of Trustees for final approval on an ongoing basis. A majority vote is required to approve a grant.

Step 5: Following an affirmative vote by the Board of Trustees, the Grant Manager will notify the applicant that the grant has been approved and request a check from the Foundation Treasurer's Office. Applicants generally receive the check within sixty days of notification that the grant has been approved. Included with the grant check will be a final report form that must be completed and returned (see section 8).

8. POST-DISBURSEMENT REQUIREMENTS

The Internal Revenue Service regulations require that The NRA Foundation continue to account for the use of grant monies by the grant recipient. All organizations or groups awarded grants by the NRA Foundation must complete and return, to the Grant Manager upon completion of the project or activity, a final report detailing and accounting for how the grant funds were spent. Grant funds may only be used for the project documented on the grant application. Final reports should be as complete as possible and include receipts for items purchased with grant funds. Any unused funds must be returned to the Foundation and may not be retained for further use.

Failure to submit the final report on a timely basis or using grant funds for purposes other than those for which they were sought will preclude the award of further grants to the grant recipient.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

Sign Here	Signature of U.S. person ▶	Date ▶
--------------	-------------------------------	--------

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

For federal tax purposes you are considered a person if you are:

- An individual who is a citizen or resident of the United States,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States, or

- Any estate (other than a foreign estate) or trust. See Regulations sections 301.7701-6(a) and 7(a) for additional information.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien.

Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments (after December 31, 2002). This is called "backup withholding." Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester, or
2. You do not certify your TIN when required (see the Part II instructions on page 4 for details), or
3. The IRS tells the requester that you furnished an incorrect TIN, or
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your social security card. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your social security card on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

Limited liability company (LLC). If you are a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Treasury regulations section 301.7701-3, enter the owner's name on the "Name" line. Enter the LLC's name on the "Business name" line. Check the appropriate box for your filing status (sole proprietor, corporation, etc.), then check the box for "Other" and enter "LLC" in the space provided.

Other entities. Enter your business name as shown on required Federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

Note. You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

Exempt From Backup Withholding

If you are exempt, enter your name as described above and check the appropriate box for your status, then check the "Exempt from backup withholding" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

Exempt payees. Backup withholding is not required on any payments made to the following payees:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),
2. The United States or any of its agencies or instrumentalities,
3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,
4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or
5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,
8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,
9. A futures commission merchant registered with the Commodity Futures Trading Commission,
10. A real estate investment trust,
11. An entity registered at all times during the tax year under the Investment Company Act of 1940,
12. A common trust fund operated by a bank under section 584(a),
13. A financial institution,
14. A middleman known in the investment community as a nominee or custodian, or
15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt recipients listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt recipients except for 9
Broker transactions	Exempt recipients 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt recipients 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt recipients 1 through 7 ²

¹See Form 1099-MISC, Miscellaneous Income, and its instructions.

²However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees; and payments for services paid by a Federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-owner LLC that is disregarded as an entity separate from its owner (see *Limited liability company (LLC)* on page 2), enter your SSN (or EIN, if you have one). If the LLC is a corporation, partnership, etc., enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.socialsecurity.gov/online/ss-5.pdf. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses/ and clicking on Employer ID Numbers under Related Topics. You can get Forms W-7 and SS-4 from the IRS by visiting www.irs.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Writing "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see *Exempt From Backup Withholding* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, and the District of Columbia to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

In the event that the NRA Foundation (hereinafter "Foundation") awards such a grant, the Terms and Conditions herein shall remain in full force and effect until such time as all requirements of the grant have been fully and completely satisfied.

The Applicant/Grantee understands and agrees that the following Terms and Conditions are attached to and govern the distribution of any grant awarded by the Foundation to the Applicant/Grantee.

Terms and Conditions

1. Any grant awarded by the Foundation shall be used solely for the purposes set forth in the application. The Applicant/Grantee hereby certifies that the information contained in the application is true and correct and further certifies that any grant awarded by the Foundation shall be used solely for a 501(c)(3) purpose. It is expressly understood that the Foundation shall make the grant, if the grant is made, based upon the information provided by the Applicant/Grantee.
2. The Applicant/Grantee hereby certifies that it fully understands and shall abide by the Foundation's Guidelines for Application Submission, which are attached hereto and incorporated herein by reference.
3. The Applicant/Grantee organization hereby certifies that it is in good standing and not defunct or in default with any local, state, or federal agency and shall notify the Foundation if it ceases to remain so.
4. Funds not used or committed for the specified purpose of the grant, or not used or committed within any time limit specified in the application, shall be returned to the Foundation. In addition, if the Applicant/Grantee dissolves, disbands, or otherwise ceases to exist or ceases to use any property or equipment obtained as a result of the grant for the purpose for which it was awarded, then the Applicant/Grantee shall contact the Foundation to arrange disposal or transfer of any usable property or equipment obtained with funds awarded under the grant.
5. Applicant/Grantee shall furnish written reports as required by the Foundation with respect to projects and activities financed in whole or in part by the grant, including a summary of funds expended. Such reports shall include, but shall not be limited to, an After Action Report in a form acceptable to the Foundation, a copy of which is attached hereto and incorporated herein by reference.
6. Grant funds shall not be used to lobby or otherwise attempt to influence legislation, to influence the outcome of any public election, to carry on any voter registration drive, or used to contribute to any political campaign of any candidate for public office.

7. Grant funds shall not be used for payment of administrative fees, office overhead, or other similar costs or expenses.

8. It is expressly understood that the Applicant/Grantee takes full responsibility in carrying out the project contemplated in the grant application, that the Applicant/Grantee holds the Foundation harmless from any and all liability relating to the effectuation of the grant or in any other way associated with the grant, and, further, that the Applicant/Grantee shall indemnify the Foundation from any claims made or actions taken in any way associated with the grant or grant application.

9. If a grant is awarded, the Applicant/Grantee agrees to place a sign in an appropriate location in recognition of the Foundation's grant award. Publicity associated with any grant awarded by the Foundation in the form of photographs, video, published or printed information, or any other materials, including any information or materials provided by the Applicant/Grantee, may be used by the Foundation in press releases, publications, for the promotion of Friends of NRA or other Foundation programs, or in any other manner as determined by the Foundation. The Applicant/Grantee releases the Foundation from any liability resulting from any information or materials provided by the Applicant/Grantee and agrees to indemnify the Foundation from any claims made or actions taken in any way associated with any information or materials provided by the Applicant/Grantee.

10. Any violation of the Terms and Conditions set forth herein shall permit the Foundation to terminate any and all further distributions to the Applicant/Grantee, whether or not such distributions have been properly promised or pledged. Such remedy shall not be the sole remedy available to the Foundation and the Foundation shall retain the right to take any other actions allowable by law.

11. This Agreement and any disputes arising thereunder shall be governed by and construed under the laws of the Commonwealth of Virginia, or, if applicable, federal law. Any action arising under or related to this Agreement, or breach hereof, shall be brought only in a federal or state court sitting within the County of Prince William, the County of Fairfax or the City of Alexandria, in the Commonwealth of Virginia.
